
Record of Verification/Assurance

This is to confirm that LRQA has undertaken a review and assessment including process sampling to verify that:

Gamma Telecom Ltd

The Malt House, Elevator Road, Trafford Park, Manchester, M17 1BR, United Kingdom

has implemented the applicable requirements provided in:

Product - BS10008-1:2020 - Evidential weight and legal admissibility of electronically stored information (ESI)

The scope of this statement is applicable to:

The call recordings generated by and stored in the Gamma Horizon Call Recording solution, commonly referred to internally as Next Generation Call Recording.
